

Dear Parents of Carlson students,

In an effort to protect various endangered species, we are working on a project that will help raise money for the World Wildlife Fund- WWF. Our goal is to raise enough money to “adopt” an animal species; maybe even more than one. The students of the school will cast their votes to choose which animal we will adopt after the fundraising is complete. Our fundraising drive will go through the end of April. The money that is donated will go to WWF to support the animals we adopt all around the world. We have created donation boxes, they can be found in the lobby and all classrooms. We hope that you will donate! Every penny, nickel, dime, or quarter counts!

Thank you for your support,

*Elizabeth Rooney, 6th Grader*

*Willow Moles, 6th Grader*

*Alice Carlson, 3rd Grader*
