

Brianne E. Hills, DDS
Board Certified Pediatric Specialist

Robert J. Henry, DDS, MS
Board Certified Pediatric Specialist

As a courtesy to the school, the pediatric dentists from All Kids Dental, PC in Evergreen will be completing a dental screening of all students. With your permission, the dentist will complete an oral health evaluation to check your child's teeth for tooth decay and other dental problems. You will receive a report of the dentist's findings and recommendations after the screening. This screening, however, does not take the place of regular dental check-ups, and the dentist may recommend early follow-up based on the findings. Please sign below to allow your child to take part in the screening.
